Here at Chez Bob, we're inspired by the modern New York bistro. The kind of place where hours are lost and memories are made, chatting with friends and family over coffee, cocktails and great food.

The institution of brunch hails from Manhattan, so we thought it only natural to offer a show-stopping bottomless brunch to the people of Whetstone. We have 11 dishes that our chef has created using carefully sourced ingredients, hand baked bread and inspired ideas, mixing the classics with the contemporary.

**Join us, every Saturday and Sunday
from 11am until 4pm for a bottomless brunch.**
